**ORGANISED BY**

**PAGERI LOCAL GOVERNMENT  
&  
INTER CHURCH COMMITTEE, NIMULE**

**MARCH 4-6, 2020**

**SUPPORTED BY  
SOUTH SUDAN PEACE BUILDING OPPORTUNITIES FUND**

## Summary

The Pageri Peace Forum is the initiative of the former Torit State government, namely the Peace Commission in support to local government and the Inter Church Committee in the former Pageri County. With support from UKAID's Peacebuilding Opportunity Fund (POF), the Forum took place in Nimule, Eastern Equatoria State, from March 4-6, 2020.

Chaired by Mr. John Ohure Teeks, Pageri Administration Executive Director, the Forum explored what needs to be done to support the return of refugees from the camps in Uganda and of IDPs within the State.

Seventy-five participants (19 women; 56 men) actively engaged in the Forum which included representatives from local government, the organised forces (Tiger Division, SSPDF Artillery Unit at Moli, Wildlife, Police, Prison Services), from refugee camps and IDP settlements, religious and traditional leaders, civil society, women's and youth organisations, people with disability, the business community, and representatives from other communities residing in Nimule town.

Cattle herder leadership, Tiger division commanders, and SSPDF Commanders from Pageri, Nimule, Opari, Kerepi, and Moli, expressed appreciation for the Forum that enabled them to come together with the Madi community to strengthen their broken relationship, explore possible solutions and a way forward from the hurt and devastation caused following the 2016 conflict. The organised forces expressed their deep regret, apologised for the destruction caused by their soldiers, and asked that the community report cases of destruction, harassment, looting and rape by soldiers under their command, so they face the law and be accountable for crimes committed.

## Forum Objectives

- To explore what needs to be done to allow the return of refugees and IDPs to their home areas of Pageri, Moli, Opari, Kerepi, and other locations
- To create a platform under the leadership of local government that provides a space to strengthen peace and security initiatives in dialogue with all relevant actors
- To identify issues that require local government and local communities to come together with cattle herders, organised forces, and other relevant actors to require resolution
